

ADMIRAL WHARF

LONDON
DOCK
E1

LONDON DOCK E1

London Dock is redefining contemporary city living at the heart of the capital.

London's leading developer, St George, is transforming this historic location, moments from Tower Bridge, the Tower of London, St Katharine Docks and the City.

Celebrating a rich past whilst creating a new destination, London Dock is set to unlock an exciting new future in E1.

LONDON DOCK **E1**

Computer-generated images are indicative only

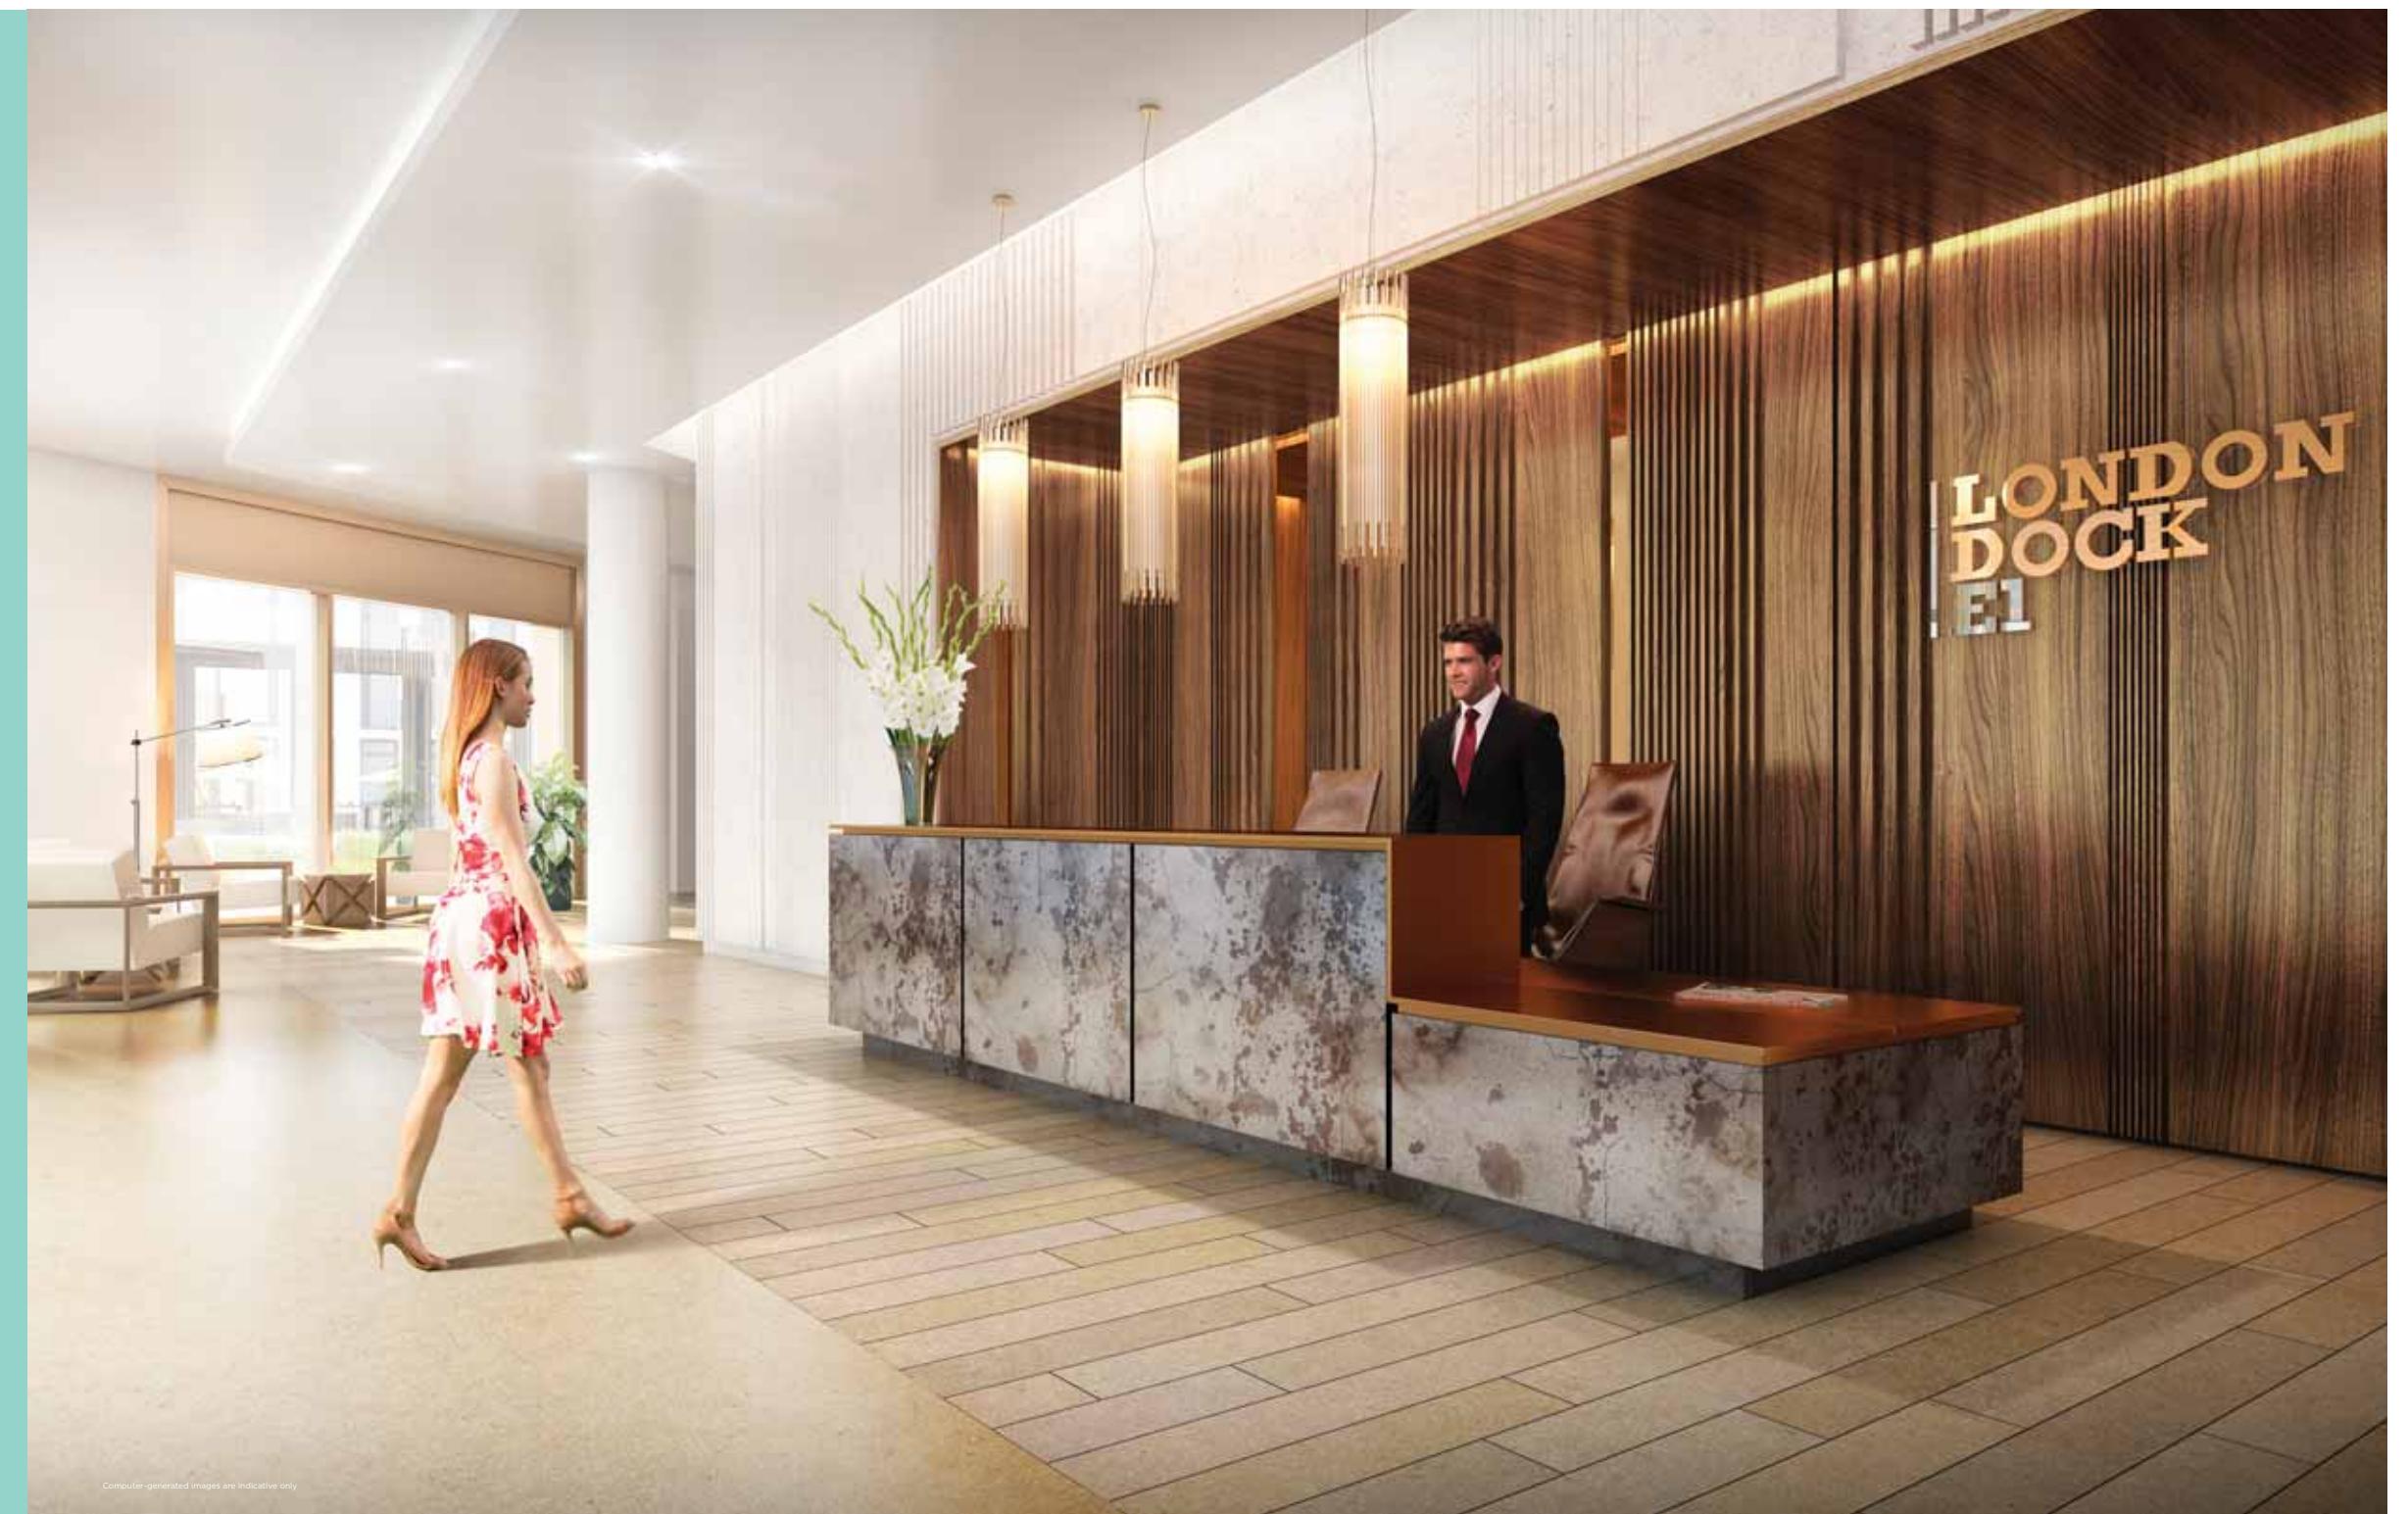

"Admiral Wharf reflects London Dock's rich architectural heritage. Its multi-level form offers spectacular views across Gauging Square and reveals new vistas across the capital."

Andrew Taylor, Architect, Patel Taylor

ADMIRAL WHARF

Designed by world renowned architects, Patel Taylor, Admiral Wharf is the shimmering new landmark for London Dock, with its bold, reflective façades maximising the feeling of space and light.

Overlooking the spectacular Gauging Square – the centrepiece of London Dock – the terraces and balconies of Admiral Wharf make the very best of its position at the heart of this unique development.

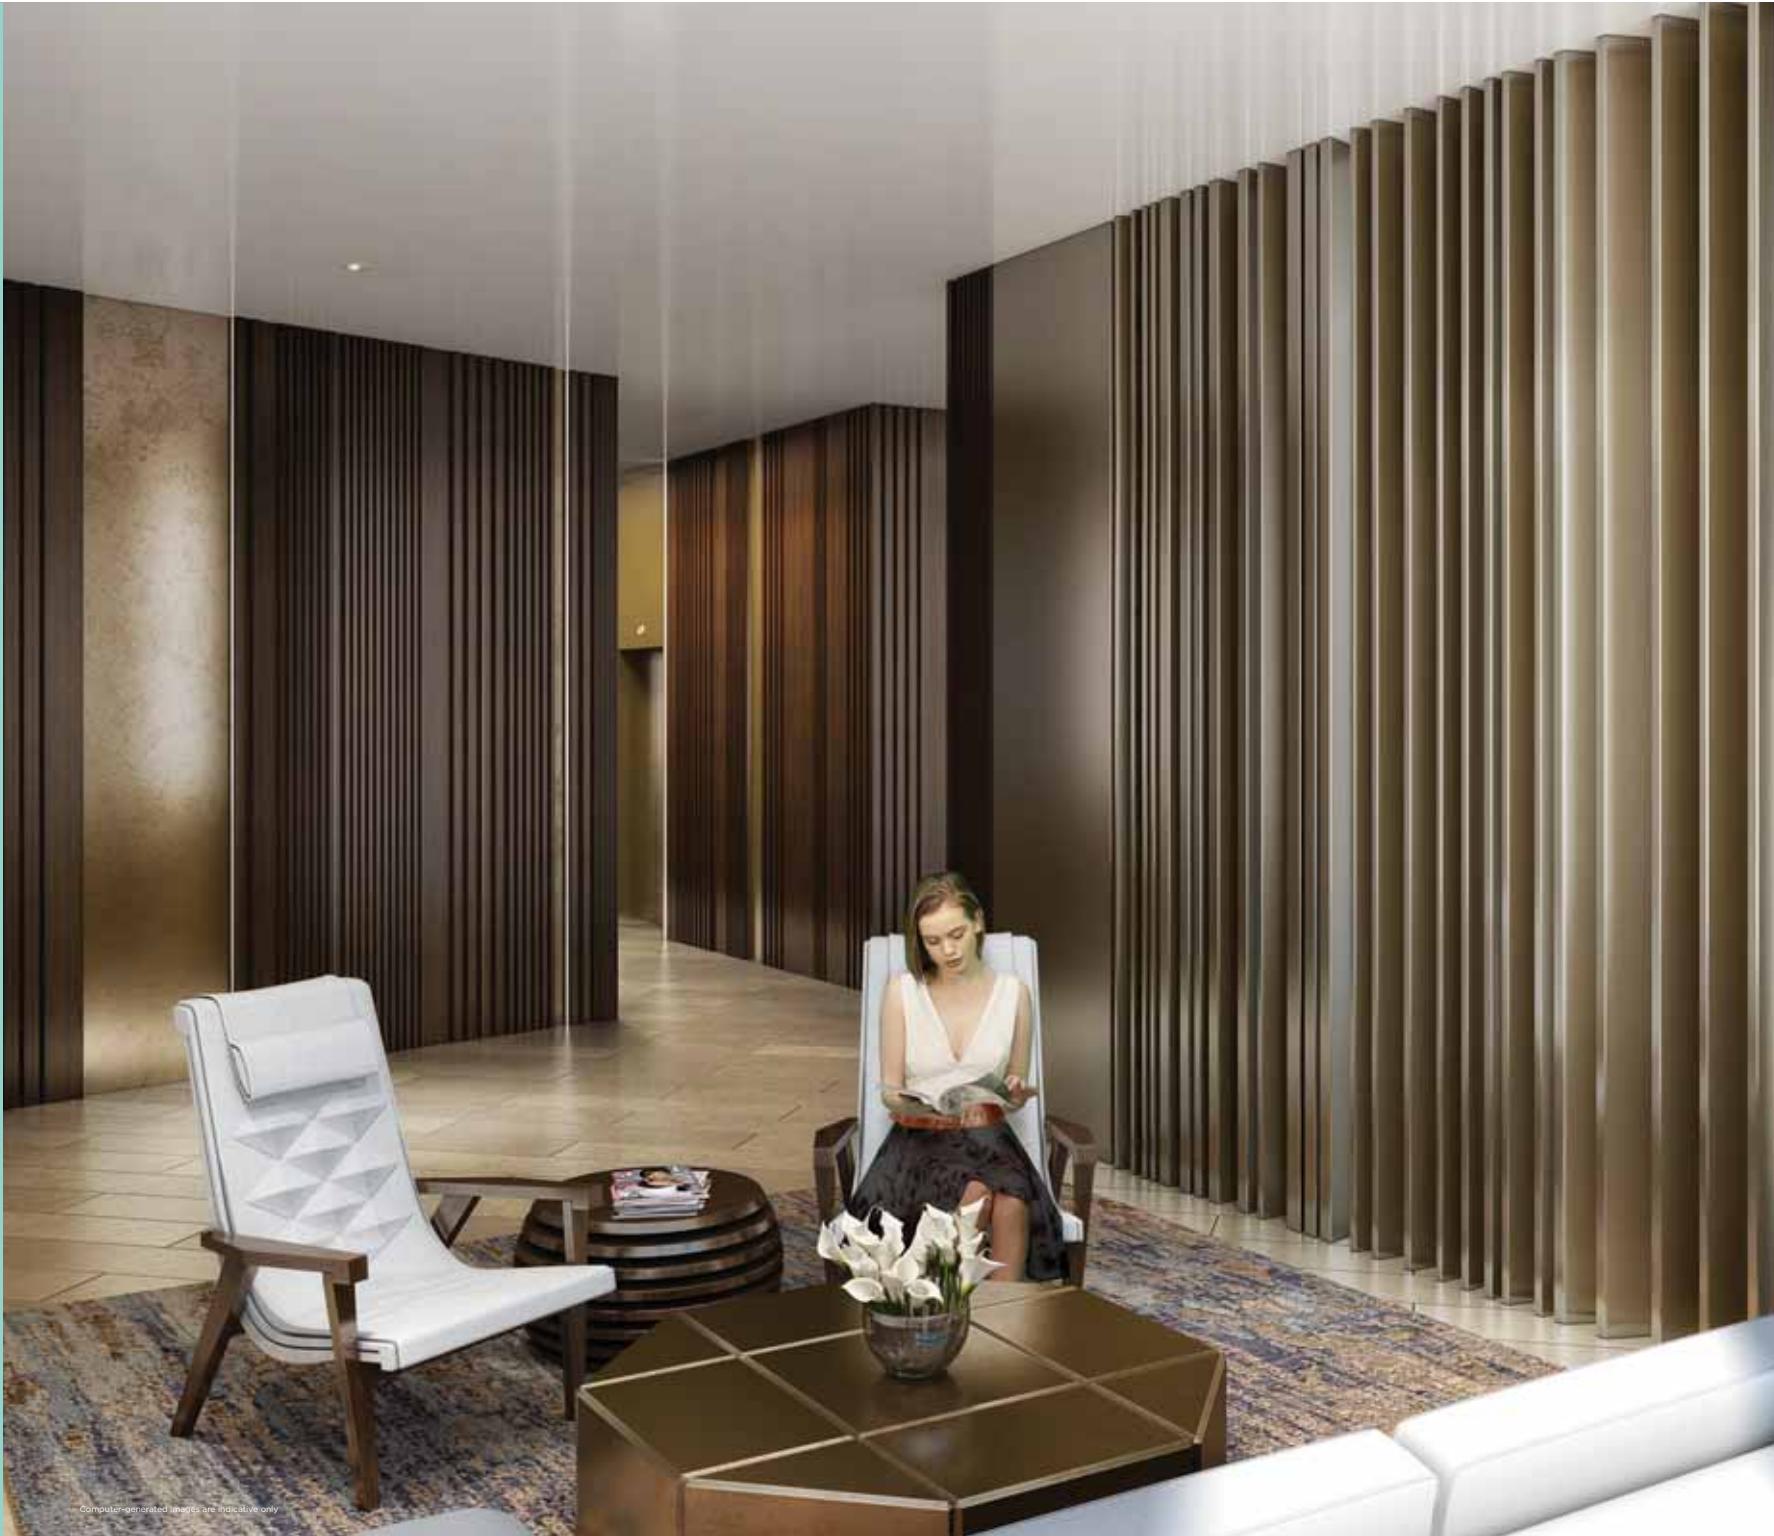

Computer-generated images are indicative only

A STYLISH ENTRANCE

With exquisite interior designed entrance lobbies and corridors, Admiral Wharf sets a new benchmark, with distinctive design and quality materials throughout.

The stylish entrance lobby, with relaxing seating area, creates the perfect welcome. Dual lifts lead to all floors, where the interior design continues throughout the individual corridors, creating a seamless journey to your apartment.

THE APARTMENTS

The apartments at London Dock offer the opportunity to live at the heart of London's most vibrant new destination.

Inspired by the heritage of the area, the chic design combines stylish interiors and technologies, creating exceptional spaces for living, relaxing and entertaining.

Computer-generated images are indicative only

Sleek and sophisticated

The open plan living spaces are flooded with light, complemented by fine detail and craftsmanship.

The heart of the home

Bespoke kitchens with integrated appliances and subtle lighting are the ideal spaces for formal or relaxed entertaining.

**Calming and elegant**

Unwind in a tranquil retreat, designed with your comfort in mind. Stylish and meticulously finished, the bedrooms form the perfect place to relax.

A space to unwind

Featuring light stone or marble, bathrooms at London Dock offer a spa-like atmosphere, designed with your comfort in mind.

Computer generated images are indicative only

Outdoor living

Enjoy breakfast in the morning sun overlooking the capital, gather with friends for brunch or relax with a drink at twilight, as the capital is transformed into a glittering sea of lights.

"The design draws inspiration from the luxury goods of the day that passed through the docks, from silks and wools, to tea and wine."

Fouad Qeblawi, Interior Architect, 1508 London

INTERIOR DESIGN

London Dock was a destination for the most refined cargo from around the world. Reflecting its illustrious history, the interior design has woven a tapestry rich in textures, materials and colours.

St George appointed leading interior architect, 1508 London, to create a seamless transition between the exterior and interiors. Their inspirational designs reflect the architectural and landscaping palette, drawing on its past as a trading post in luxury goods – from silks, woods and wools, to teas, coffee, rum and fine wine.

Computer-generated images are indicative only

SETTING NEW STANDARDS

The apartment designs at London Dock take inspiration from the diverse imports and exports that passed through its gates, with colours, textures and materials combining to produce crisp, clean interiors.

Choose from three stylish palettes – Fresco, with its glistening fresh tints, Chiaro, offering light natural tones, or Ricco, featuring rich greys and browns.

FRESCO

Stylish and alluring, subtle greys are accentuated by a shimmering oyster grey composite stone worktop, offset by delicate white lacquer joinery with carefully chosen fittings.

CHIARO

Natural oak flooring is complemented by a light beige palette, producing subtle warm overtones. Bedrooms feature elegant light grey wardrobes, with chic polished chrome and ceramic tiles to bathrooms.

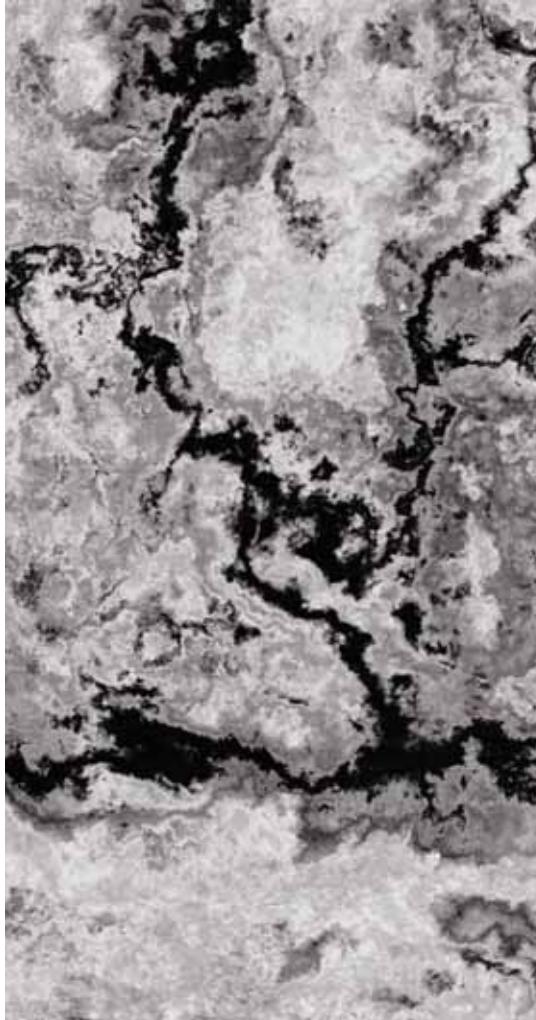

RICCO

Soft tonal greys and dark browns work in unison to create a refined palette. Beautiful silver grey oak flooring provides a delicate contrast to the plush wool carpet of the bedrooms.

PREMIER FINISHES

The Premier apartments at London Dock bring further levels of quality and style, with materials and finishes reflecting the Docks' history.

Three exquisite interior design palettes have been created - Notturno, with contrasts of light and dark, Aurora, capturing the warmth of the morning sun, or Argento, a sophisticated combination of soft silvers and greys.

NOTTURNO

A seamless juxtaposition of light and dark tones, white oak flooring complemented by dark grey marble and white lacquer joinery in the kitchen. In the bathrooms, polished marble is accented by bright nickel taps to create an alluring feature element.

AURORA

Warm and welcoming, subtle combinations of grey and beige emanate timeless elegance and style, reminiscent of a sunrise over the River Thames. Carefully chosen accents including stitched internal wardrobe details add a subtle finishing touch.

ARGENTO

The embodiment of contemporary grandeur, immerse yourself in a spectrum of soft silvers and greys. A striking veined marble worktop provides the focal point of the kitchen, while bright nickel fittings accentuate the spa-like bathrooms.

TECHNOLOGY AT YOUR FINGERTIPS

At London Dock, technology will enhance your lifestyle, seamlessly integrated into your apartment.

Available from the moment you move in, every apartment features a 1 year subscription to Sky, providing WiFi broadband access and satellite television, which can be enjoyed on your wide screen HD TV in the Living Room or any of your WiFi enabled devices. USB power sockets are also positioned throughout for your convenience.*

Apartments are equipped with electronic dimmer controls to the Master Bedroom and Living Room, allowing light levels to be adjusted to suit the occasion, with mood lighting to Bathrooms.

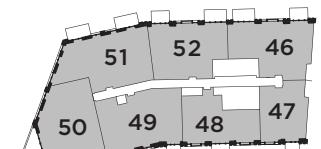

The 2 and 3 bedroom Premier specification apartments also include an audio system allowing music to be streamed directly to the Master Bedroom and En Suite, as well as fully customisable mood lighting to the Master Bedroom and Bathrooms. Use your iPad to control your environment, adjusting heating, cooling, light and sound, wherever you are, at home or away.

Entertainment Pack, Broadband Lite, TV+ Wallbox, Sky+ HD box, Sky+ HD box and router provided. T&Cs apply, please liaise with the Sales Consultants for further details

THE MASTERPLAN

ARRIVAL SQUARE

GAUGING SQUARE

ADMIRAL WHARF

CLIPPER WHARF

St George and architects Patel Taylor, renowned for key London projects such as the Olympic Village, Putney Wharf and Greenwich Peninsula, have produced a new future for London Dock – apartments and penthouses, stunning landscaped open spaces, water gardens, leafy boulevards, shops, bars and restaurants.

The historic Pennington Street Warehouse will be restored, with plans to create a cultural centre and Gauging Square, at the heart of London Dock, will reflect the industrial scale of its past.

DESIGNED FOR LIFE

Buying a home is one of the most important decisions you will ever make. The qualities that make St George different mean that you can choose a new home from us with complete confidence. When you buy a home from St George you can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and that you will enjoy an exceptional customer experience.

CUSTOMER SERVICE IS OUR PRIORITY

We place the highest priority on customer service and will manage the whole moving process for you. Our Customer Service teams will contact you shortly after you complete, to ensure that everything in your new home is absolutely to your liking. Our homes also benefit from a ten year warranty, the first two years of which are covered by St George.

GREEN LIVING AND SUSTAINABLE DEVELOPMENT IS TOP OF OUR AGENDA

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods.

QUALITY IS AT THE HEART OF EVERYTHING WE DO

At St George, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. For extra peace of mind, in addition to the 10 year warranty all new homes receive, St George operates a 2 year policy with dedicated Customer Service teams on hand 24 hours a day to deal with enquiries quickly and effectively.

UNPARALLELED CHOICE OF HOMES IN THE MOST SOUGHT AFTER LOCATIONS

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type. From city penthouses to country retreats, modern studio apartments to traditional family homes, you will find the perfect home to match your requirements. Our homes are also built in some of Britain's most desirable locations from market towns and rural villages to major towns and cities, and countryside to the coast - we build in the locations you want to live.

A COMMITMENT TO CREATING SUSTAINABLE COMMUNITIES

St George's homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability. We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

OUR VISION

Over the years the Berkeley Group has won many prestigious awards for the quality, design and sustainability of our developments. Our Vision strategy is designed to raise our standards higher still, and means that you are buying a home from a sustainable business that takes its responsibilities towards the environment, its workforce and the communities in which it works, very seriously.

Our Vision commitments:

AN EXCEPTIONAL CUSTOMER EXPERIENCE

Every customer benefits from our Berkeley Customer Satisfaction Commitment, with dedicated sales teams to provide exceptional service throughout the buying process, and Customer Service teams look after your needs after you have moved in.

GREENER, MORE ECONOMICAL HOMES

Our new homes are designed to use 26% less water and their CO₂ emissions are 76% lower than an average home*, saving you significant amounts on your utility bills. We provide recycling bins in every home, space to set up a home office and a safe place to store bicycles.

CREATING SUSTAINABLE COMMUNITIES

We make sure the homes and places we create are safe and secure. Our homes are also adaptable to meet the changing needs of individuals and families. We reduce the impact of the construction process on the local community by ensuring all of our sites are registered with the Considerate Constructors Scheme.

A COMMITMENT TO THE FUTURE

We set targets to reduce water use and CO₂ emissions associated with our construction and business operations. We also aim to reuse or recycle a high proportion of our construction, demolition and excavation waste.

THE BERKELEY FOUNDATION

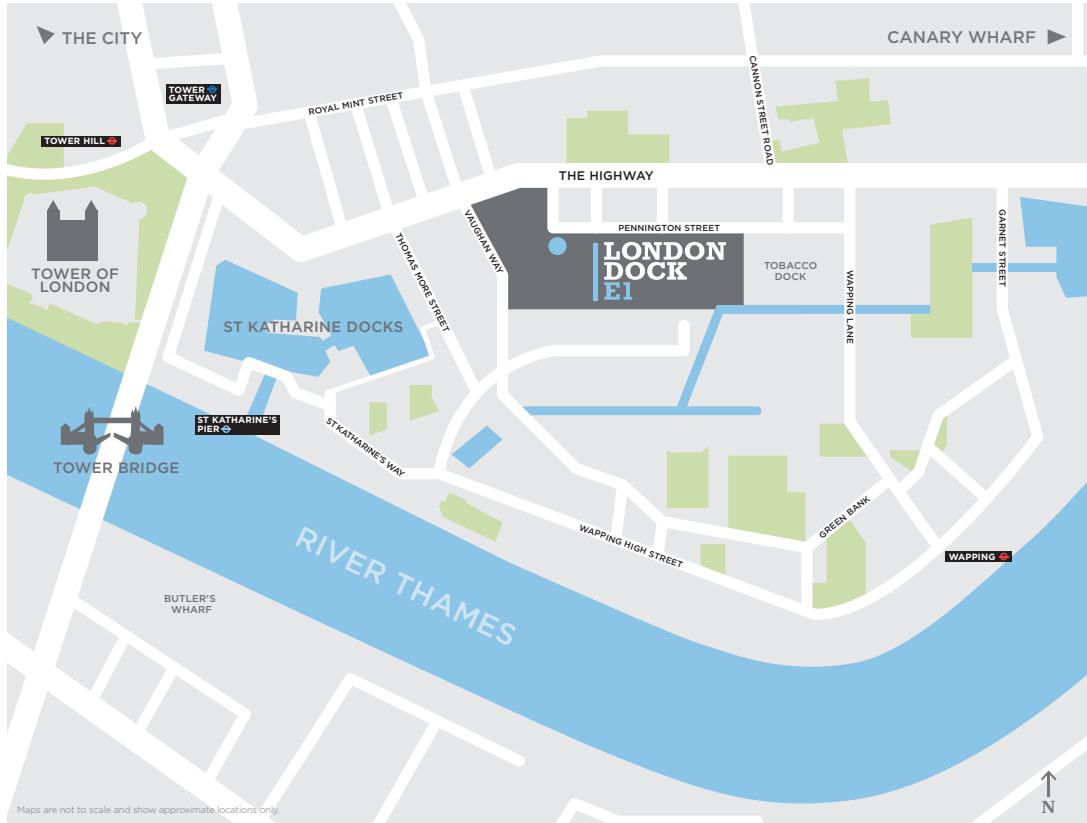

Berkeley takes social responsibility very seriously. In 2011 we set up The Berkeley Foundation, with the aim of supporting Britain's young people and their communities.

We do this through a number of partner charities that tackle some of the most pressing social problems affecting young people today, including homelessness and unemployment. The money raised comes part from the Berkeley Group, and also through the tireless and inventive efforts of our staff.

We have set a goal for The Berkeley Foundation to invest £10 million over the next five years to support young people and their communities. Every penny will be spent on charitable activities and worthy causes to ensure that maximum benefit is achieved.

* Savings vary in every home. Figures based on a typical 3 bed Berkeley home achieving Code for Sustainable Homes Level 3. For further details contact: sustainability@berkeleygroup.co.uk. Some features are only applicable to specific developments. Please ask sales negotiator for further information.
