Our Customer Care Teams will contact you shortly after you complete, to ensure that everything in your new home is absolutely to your liking. Our homes also benefit from a ten year warranty, the first two years of which are covered by St James.

GREEN LIVING AND SUSTAINABLE DEVELOPMENT IS TOP OF OUR AGENDA

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build.

Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods.

QUALITY IS AT THE HEART OF EVERYTHING WE DO

At St James, quality takes precedence, from choosing the right location and style of home, to the construction processes we follow, the materials we use and the specification we put into our homes. For extra peace of mind, in addition to the ten year warranty all new homes receive, St James operates a two year policy with dedicated Customer Service Teams on hand 24 hours a day to deal with enquiries quickly and effectively.

UNPARALLELED CHOICE OF HOMES IN THE MOST SOUGHT AFTER LOCATIONS

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type.

From city penthouses to country retreats, modern studio apartments to traditional family homes, you will find the perfect home to match your requirements. Our homes are also built in some of Britain's most desirable locations from market towns and rural villages to major towns and cities, and countryside to the coast – we build in the locations you want to live.

A COMMITMENT TO CREATING SUSTAINABLE COMMUNITIES

St James' homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability.

We aim to address the needs not only of our customers but also their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

OUR COMMITMENT TO SUSTAINABLE LIVING

OVER THE PAST TEN YEARS, THE BERKELEY GROUP HAS TRANSFORMED ITS BUSINESS TO BECOME A LEADER IN SUSTAINABLE URBAN REGENERATION.

Sustainability is a key part of the Berkeley ethos, and its companies including St James have made a long-term commitment to create sustainable, vibrant communities that enhance the surrounding area while minimising any adverse environmental impact. These values lie at the heart of Brewery Wharf.

The Code for Sustainable Homes (CFSH) is an environmental rating system, setting new standards for resource efficiency. The new phases at Brewery Wharf will achieve Code Level 4 which is 35% more energy efficient than the applicable Building Regulations requirement. For householders, this means lower running costs, as well as the satisfaction of living a 'more sustainable' lifestyle.

OUR VISION STRATEGY IS DESIGNED TO RAISE OUR STANDARDS HIGHER STILL, AND MEANS THAT YOU ARE BUYING A HOME FROM A SUSTAINABLE BUSINESS THAT TAKES ITS RESPONSIBILITIES TOWARDS THE ENVIRONMENT, ITS WORKFORCE AND THE COMMUNITIES IN WHICH IT WORKS, VERY SERIOUSLY.

AN EXCEPTIONAL CUSTOMER EXPERIENCE

Every customer benefits from our Berkeley Customer Satisfaction Commitment, with dedicated Sales Teams to provide exceptional service throughout the buying process, and Customer Service Teams to look after your needs after you have moved in.

GREENER, MORE ECONOMICAL HOMES

Our new homes are designed to use 26% less water and their CO₂ emissions are 76% lower than an average home*, saving you significant amounts on your utility bills. We provide recycling bins in every home, space to set up a home office and a safe place to store bicycles.

CREATING SUSTAINABLE COMMUNITIES

We make sure the homes and places we create are safe and secure.

Our homes are also adaptable to meet the changing needs of individuals and families. We reduce the impact of the construction process on the local community by ensuring all of our sites are registered with the Considerate Constructors Scheme.

A COMMITMENT TO THE FUTURE

We set targets to reduce water use and CO₂ emissions associated with our construction and business operations. We also aim to reuse or recycle a high proportion of our construction, demolition and excavation waste.

THE BERKELEY FOUNDATION

BERKELEY TAKES SOCIAL RESPONSIBILITY VERY SERIOUSLY. IN 2011 WE SET UP THE BERKELEY FOUNDATION, WITH THE AIM OF SUPPORTING BRITAIN'S YOUNG PEOPLE AND THEIR COMMUNITIES.

We do this through a number of partner charities that tackle some of the most pressing social problems affecting young people today, including homelessness and unemployment. The money raised comes partly from the Berkeley Group, and also through the tireless and inventive efforts of our staff.

We have set a goal for the Berkeley Foundation to invest £10 million over the next five years to support young people and their communities. Every penny will be spent on charitable activities and worthy causes to ensure that maximum benefit is achieved.
